

HALL OF FAME NOMINATION

When Cornelia Young established the Hall of Fame in 1989, thirty individuals were recognized and inducted, including one group (the Flora Dora Girls). Since then more have been so honored! Each year the membership is asked to look within to nominate for various awards and, at the same time, consider those who should rightly be ranked among those already on the Hall of Fame Roster. Hall of Fame members are those exceptional individuals who perform beyond their professional norm in contributing to the growth of IAWP and their employer.
